NEW BUSINESS

Hine On lot Sewage Disposal System

Dale and Susan Hine, were seeking approval to replace their onlot sewage disposal system. They would like to obtain a permit to replace their old system. However, the system absorption area is less than 100 feet from their well. The lot will not allow for the 100-foot isolation distance from the existing well. The design does keep the proposed septic tank at least 50-feet from the wells on neighboring properties, but only 80- feet from the owners well. J. Heim made a motion to approve the replacement of the onlot sewage disposal system. T. Strause seconded the motion. Voted All in Favor.

Grant Opportunities

B. Baldwin informed the Board that there is a CFA:Multimodal Transportation Fund open. This fund waives the match requirement for municipalities. If the funds are received a potential project could be the culvert replacement on Pine Creek Road. B. Baldwin provided a draft resolution that would need to be passed in order to apply. J. Heim made a motion to pass resolution 2023-3 requesting a Multimodal Transportation Fund grant of \$432,700 from the Commonwealth Financing Authority to be used for Pine Creek Road Culvert Replacement. T. Strause seconded. Voted All in Favor.
